> **GEMS Education**

Fusion brings it together!

A single learning solution which unites your entire school into one place, on any device - in any language. Simple.

Assess & Reward students

Set tasks and goals for students to achieve. Monitor their progress and award them automatically with certificates afterwards!

Homework manager

A powerful homeworking tool puts you in the driving seat. Set and mark homework easily, and keep parents updated!

Personal Dashboard

Design your own homepage to see just the information that's important to you!

One system - All ages.

Interfaces, themes and styles for any age or ability. Set interfaces for entire classes or users with additional learning needs.

Content galore!

80+ content providers available.

Cloud Drive access

Browse and import from cloud drives.

MIS Connected

We synchronise with your school's data. Single-Sign-On is also available too!

Any device, any language

Over 110+ languages are supported. We work in your language!

FUSION
Virtual Learning Environment

More features...

A single learning solution which unites your entire school into one place, on any device - in any language. Simple.

Website builder
Design personal, classroom and subject-based websites for students, staff or public use.

Certificate designer
Design your own certificates for staff and students and track all their awards across subjects.

Markbook
Effortless automatic and manual marking allow teachers to stay in control of student activity.

Connect to your School Data
Seamless synchronisation with a range of MIS and data services keep your school running smoothly.

Content Gateway
Access over 80 global content providers across all subjects and age ranges for your school.

Quiz and Form builder
Easily build your own self-marking quizzes, surveys, feedback and sign-up forms.

Notifications
Receive automatic notifications about homework, tasks, blogs and all types of activity.

Safe YouTube, Flickr & more
Browse and import resources directly. No more downloading or embedding complex links!

Single Sign-on + ADFS
Fusion integrates with your ADFS or other identity management services. No more passwords!

Multi-lingual Parents Portal
Our free APP keeps parents updated in real-time, daily or weekly in over 110 languages!
